The Tanzania Immigration Services Department launched a new **Online Visa Service** on **26<sup>th</sup> November, 2018**. A prospective visitor to the United Republic of Tanzania can now easily apply, make payment, and receive his/her **Visa Grant Notice** online.

To access these services, an applicant is required to visit the Tanzania Immigration Services Department's website [www.immigration.go.tz](http://www.immigration.go.tz) and click "e-services" button; select "**Online-Visa Application**"; and fill in the **Visa Application Form**.

Then, an applicant will submit his/her **relevant scanned document attachments** online; after which he/she will receive an email message containing **User Identification Number** that he/she can use to track status of his/her visa application online.
